- There are four peaks in the park, and Morrow Mountain peak is the highest, at 936 feet.
- The summit of Morrow Mountain is one of the largest pre-historic quarries in North Carolina.
- Many of the buildings in the park are built out of argillite that has been mined on site.

Activities

Morrow Mountain State Park is located near Albemarle and is one of the highest peaks in the Uwharrie Mountains of central North Carolina. The peak at Morrow Mountain rises 400 feet offering stunning views of the surrounding area. Artifacts found in the region suggest the presence of Native American dating back 12,000 years before European settlement.

Experience the Park!
